### ***Allowable Subject Matter***

1. Claims 1 – 17 and 19 – 22 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on January 18, 2006 are convincing. Arguments presented on page 9 of the response are particularly convincing. The prior art of record does not teach, alone or in combination, a memory device including, "a plurality of source line contacts, through the third dielectric layer, connecting to the source/drain regions that are between each pair of the source lines and electrically connecting to at least one of each pair of the source lines."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
